

Meet the Makers

CAREER MATCH

Duration: 20 min • Grades 6–8 • Facilitator-led

Overview

Four two-minute video profiles of real Pennsylvania manufacturing workers, followed by a personality-style quiz that suggests which role fits a student's interests.

Learning Objectives

- Recognize the range of careers within one industry
- Connect personal interests to career pathways
- Identify next-step classes at the high school level

Materials Needed

- Device with video playback
- Headphones
- Reflection journal or exit ticket

Facilitator Flow

- 1 Prime (2 min): 'What's your image of a factory worker?'
- 2 Watch (8 min): four short profiles, one-line reactions after each.
- 3 Quiz (5 min): students take the interest matcher.
- 4 Reflect (3 min): 'Which career matched you? Do you agree?'
- 5 Wrap (2 min): share the next-step class list.
